

Medical information for kids

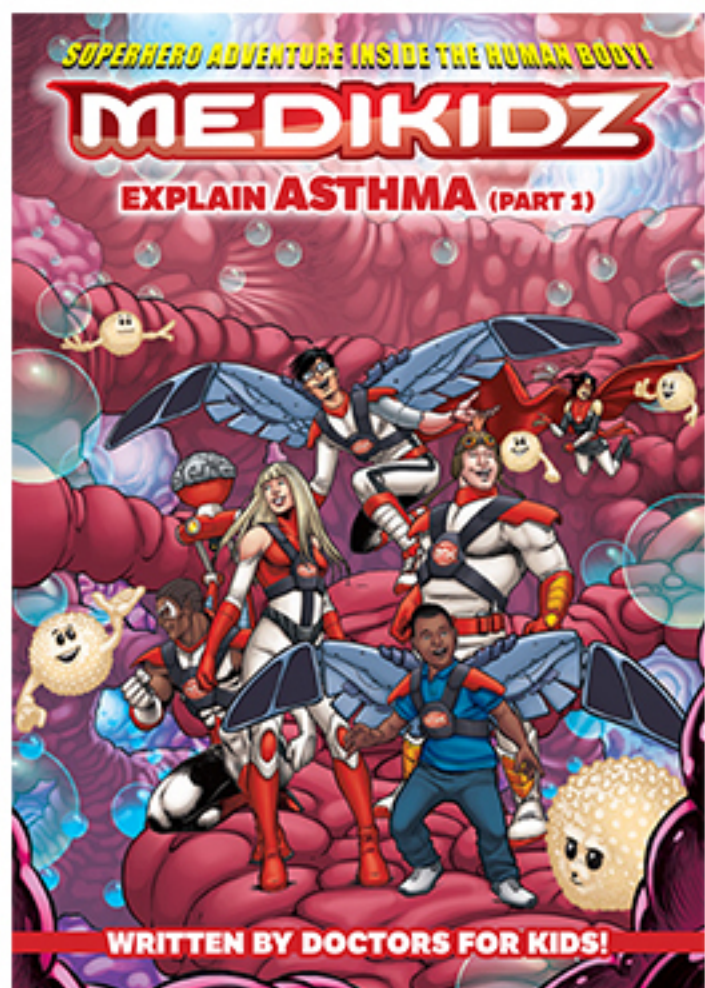

Thanks for joining us in the journey, Medikidz®
Explain Asthma.

Please select a path below:

I am a
**Patient or
Caregiver**

I am a
**Healthcare
Professional**

Meet the next chapter in asthma education.

Medikidz is a fun, visually engaging series brought to you by Meda Pharmaceuticals. Each issue is designed by graphic novelists and leading clinical specialists to help families gain an accurate understanding of medical information.

In "Medikidz Explain Asthma" we join Savion on an epic journey through MediLand, as he gets a firsthand view of the science behind asthma.

Want to see more of the Medikidz? Look for them at conferences, sporting events and other venues around the country.

You can also request a copy of Medikidz Explain Asthma from your healthcare provider, or order online at www.medikidz.com/shop.
